DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of Group II, claims 4 and 15 in Paper No. 15 is acknowledged. The traversal is on the ground(s) that claim 4 is a genus claim and the rest of the claims are linking claims. This is not found persuasive because as is evident from the previous office action, there are many different ways of using the claimed compound which evidences that the search encompasses many different areas and furthermore the applicant is reminded that the search is quite extensive while not being co-extensive.

This application contains claims 7-14 which are drawn to an invention nonelected with traverse in Paper No. 15. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

The requirement is still deemed proper and is therefore made FINAL.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1654

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
